SIR,

I have the honour to forward herewith an Estimate for Rs 200-10-0 being the cost of an Excursion of the students of the Junior Class of the Upper Secondary Department of the Government Mysore Normal School, and to request that Government may be pleased to sanction the estimated cost of the excursion. The annual excursion does a large amount of good to the students of the school. It is proposed to take the Normal pupils out after their annual examinations in December

With reference to his letter No 2272/157 dt 15 September 1896 submitting an estimate for Rs 200/10/- being the cost of an excursion of certain Students of the Normal School Mysore to the Kolar Gold fields has the honor to observe that this extra cost of such excursions is increasing annually The Inspr is requested to report whether similar charge is incurred the Normal school at Madras or elsewhere, and why

~~It seems necessary that~~ the item for boarding expenses should not be disallowed, the Students making their own arrangements for food

2. The students should be selected with reference to their Special aptitude for certain subjects and only a small number sent out so as to bring the cost of the excursion annually within Rs 100/-

SIR,

With reference to your Docket No 4245/D 152 dated 15th September 1896, I have the honour to inform you that in the Teachers' College and other Normal Schools of Madras Agriculture is not taught In the Training College at Dharwar special instruction is given in Agriculture and a party of five masters and fifty students is said to have come on an excursion to Nanjangud in 1894 In the Poona College of Science it is the custom to take a party of students on an annual excursion chiefly, I believe, to teach practical geology Such excursions are common in Schools in England, and the writer

who has reviewed the Report on Public Instruction in Mysore for 1894-95 in the Indian Magazine of September 1896 has noticed the annual excursion of the students of the Normal School in terms of approval. I have no doubt that the excursion does the students a great deal of good It is only the students of the VI Class for whom Agriculture is a compulsory subject that it is proposed to send on the excursion The students of the Normal School are with hardly any exception very poor and they maintain themselves with great difficulty in Mysore on the small scholarships ordinarily given to them in the School they are unable to pay for their board during their journey

2 For these reasons I beg to submit for sanction the estimate of the cost of this year's excursion and to recommend that it may be sanctioned from the general savings of the Village School Fund Budget and that hereafter an annual provision

of Rs 200 may be included

This bill may, under the circumstances stated, be sanctioned. Sanction may also be given to a sum of Rs 200 being included in future budgets. The excursions are no doubt useful. The bill may be passed but the provision of Rs 200 should not be accumulated as Govt are of opinion that this is a sufficiently liberal sum to expend on an object of this kind.

The Bounty class alone comes up to 197½. The students which we propose have to pay for their Bounty. When they are raised the Bounty class, so that it is not necessary to allow Bounty class that as they will be put to some extra cost when at Mysore we will allow half the Bounty class. The other half they should pay. Thus we shall then be able to get Rs 103 Rs 48
